Forecast for Sunday 05 Jun 2022

Weather: Mainly dry, with some bright or hazy sunny intervals. Cloud thickening during the afternoon with the chance of a few showers, though more likely in the evening when some longer outbreaks of light rain will develop.

Chance of cloud-free hill tops above 800m: 90% becoming 20% during the evening

Low cloud and visibility: Visibility generally good or very good, becoming moderate or poor in occasional rain in the evening, when cloud will develop at 500-750m causing hill fog and poor visibility.
